FDA Approves First COVID-19 Vaccine

SEA COAST ECHO

The U.S. Food and Drug Administration on Monday approved the first COVID-19 vaccine. The vaccine has been known as the Pfizer-BioNTech COVID-19 Vaccine, and will now be marketed as Comirnaty (koe-mir’-na-tee), for the prevention of COVID-19 disease in individuals 16 years of age and older. The vaccine also continues to be available under emergency use authorization (EUA), including for individuals 12 through 15 years of age and for the administration of a third dose in certain immunocompromised individuals.

“The FDA’s approval of this vaccine is a milestone as we continue to battle the COVID-19 pandemic. While this and other vaccines have met the FDA’s rigorous, scientific standards for emergency use authorization, as the first FDA-approved

COVID-19 vaccine, the public can be very confident that this vaccine meets the high standards for safety, effectiveness, and manufacturing quality the FDA requires of an approved product,” said Acting FDA Commissioner Janet Woodcock, M.D. “While millions of people have already safely received COVID-19 vaccines, we recognize that for some, the FDA approval of a vaccine may now instill additional confidence to get vaccinated. Today’s milestone puts us one step closer to altering the course of this pandemic in the U.S.”

Bay to host hearings on tax levies, \$28M budget

BY GEOFF BELCHER
GENERAL MANAGER

The Bay St. Louis City Council last week scheduled two public hearings to discuss the 2021-2022 city budget and proposed tax levies.

Councilmen voted unanimously last week to set a hearing for the proposed tax levies for the upcoming fiscal year. Under the plan, the city has a proposed total projected revenue of \$28,550,778 with expenditures at \$24,683,785. The proposed budget will not require the city to increase the current ad valorem tax rate,

According to the city’s projections, 15.72 percent — or \$4,488,891 — is proposed to be financed through ad valorem tax levy.

The decision not to increase the ad valorem tax millage rate means residents “will not pay more in ad valorem taxes on your home, automobile tag, utilities, business fixtures and equipment and rental real property, unless the assessed value of your property has increased” for the next fiscal year, according to a city statement.

The council set a public hearing on the proposed tax levies on Sept. 8 at 5:30 p.m. at the council chambers, 598 Main St., Bay St. Louis.

The council also agreed to meet on Wednesday, Sept. 15 at 5:30 p.m. at the council chambers to discuss and adopt the new budget.

In other action:

- The council approved Mayor

Mike Favre’s recommendation to appoint current city employees Jeremy Burke, Katie Stewart and Chenae Cardinale as deputy city clerks.

Bay St. Louis Mayor Mike Favre

“Throughout time, there have been numerous deputy clerks,” Favre said after the meeting last week. “Through retirement, we’ve lost a couple in the last six or eight months. We’re just trying to get them as much training in as possible.”

Favre said deputy clerks provide several different functions in different departments, and allowing the three new deputies to be named gives them “opportunities for advancement,” and a means to further their educations through training with the Mississippi Municipal League.

- The council approved the Drug Enforcement Administration’s Field Division - State and Local HIDTA Task Force Agreements with the Bay St. Louis Police Department; and authorized police Chief Gary Ponthieux Jr. to execute the agreements.

The Hancock County Board of Supervisors on Saturday unveiled the marker Saturday to dedicate the park at Hwy. 43 in Catahoula as Seller’s Park, in honor of the late Willie Sellers. More than 1,000 healthcare workers deployed to state

BY CASSANDRA FAVRE
STAFF WRITER

Gov. Tate Reeves on Tuesday gave an update on the state’s response to COVID-19.

More than 1,000 healthcare personnel are expected to be deployed to Mississippi’s hospitals, Reeves said.

“Eight-hundred and eight nurses, three certified registered nurse anesthetists, 22 nurse

practitioners, 193 respiratory therapists and 20 paramedics,” he said.

Reeves said the personnel began deployment on Tuesday morning to 50 of the state’s hospitals to meet staffing shortages. He said that this personnel was secured through the awarding of the 19 bids MEMA received on Aug. 13.

Reeves said that Level 1 and Level 2 Trauma hospitals’ requests have

already been fulfilled and Level 3 hospitals’ requests are currently being processed and fulfilled.

“We anticipate that all staffing requests for the 61 hospitals that made them should be met no later than the end of this week,” Reeves said.

Due to an increasing number of calls to the Mississippi Poison Control Center, the Mississippi State Department of Health warns Mississippians that ingesting livestock ivermectin to combat COVID-19 can be dangerously toxic to humans.

ter Hancock has deployment orders for medical personnel as of Aug. 24. In addition, a 23-person active-duty team arrived in Jackson as part of the Department of Defense’s COVID-19 response operation. Twenty members of the team are active duty Air Force medical personnel and three are part of a command-and-control element, he said. Another 23-person team is also anticipated and includes active-duty Army personnel and will provide assistance in Tupelo.

“My top priority throughout the pandemic has and will always be protecting the integrity of our healthcare system,” he said. “Having these staffing needs met will help to alleviate a portion of the strain on our healthcare system and ensure that all Mississippians that need care will receive the quality care they deserve.”

As far as vaccinations, Reeves said that last week, more than 81,000 doses of the COVID-19 vaccine were administered, and of those, 53,000 were first doses, marking the sixth week in a row the state has seen an increase in vaccinations.

“As I have repeatedly done throughout this year, I encourage each and every one of you to consult with your doctor, study the facts, and decide what is best for you and your families,” Reeves. “I will continue to defend your right to make your own choices

Gov. Tate Reeves speaks during Tuesday’s press conference, which was streamed live via his Facebook page.

about your healthcare. That being said, the facts continue to point to the vaccine as being safe and effective and the best way to preventing serious illness and death as a result of COVID-19.”

With regards to schools, Reeves said that there is “no doubt we have kids and teachers throughout the state that have tested positive” and required to quarantine.

“And that wreaks havoc on many individual schools, individual classrooms, and individual districts throughout the state,” he said. “But, I still believe very strongly that having our kids in the classroom is vitally important and in the long term, the risks associated with not being in the classroom is greater than the risk associated with being in the classroom.”

State Epidemiologist Dr. Paul Byers said that MSDH on Tuesday re-

ported 3,291 cases and 111 deaths.

“This is the highest total of deaths we’ve had up to date so far during the pandemic,” Byers said. “The previous high was back in January when we were having our large peak over the winter months.”

About 87 percent of the deaths are not “fully vaccinated,” he said. More than 50 percent of the deaths occurred in those over the age of 65 and those who are 75 and older, 75 percent are not fully vaccinated.

“We are still seeing an impact in our older individuals,” he said. “We do know that the vaccine is very protective for these folks at preventing the severe complications and illness that can occur.”

Byers said that there has been some “flattening off” in hospitalizations, ICUs and ventilator.

On Tuesday, the MSDH reported that 1,655 individuals were hospitalized.

“When you look at our cases over time, it looks like we are beginning to plateau,” he said. “A couple of days does not a trend make. But, it does look like we’re moving in the right direction with our case numbers. But we have had some increased deaths. We do know from our experience that when we have big surges in cases that the deaths often follow several days later. Once an individual becomes ill enough to become severely ill. So we may anticipate some significant increases in our deaths still. We’re going to watch that.”

Byers said that the impact of monoclonal antibodies is also having a positive impact.

“We do feel like this is a life-saving measure,”

he said. “We feel like this is what is additionally helping our hospital capacity. We know that individuals who are infected if they get monoclonal antibodies early in the course of their illness that it can prevent hospitalizations, it can prevent deaths. We’ve seen an increase in the use of monoclonal antibodies throughout the state.”

Residents can call the Mississippi COVID hotline at 1-877-978-6453 for information about where to go and get monoclonal antibodies.

MSDH’s locations are now offering the booster shot for individuals with certain medical conditions such as cancers, organ transplants, and other immunocompromising situations. Residents can make an appointments on the MSDH’s website, Byers said.

Hancock grand jury returns 75 indictments and a number of recommendations for local agencies

BY GEOFF BELCHER
GENERAL MANAGER

The most recent iteration of the Hancock County Grand Jury — serving from February through August 2021— submitted its final report last week, offering up 75 indictments and a number of recommendations for county government and local law enforcement officials.

Overall, the grand jury considered 123 cases. It returned 75 True Bills, or indictments; nine “No Bills,” which means it determined no indictment was necessary in nine separate cases; passed three cases on to the next grand jury, which will be formed this month; returned 34 cases to law enforcement for further investigation; and determined that two cases were docketed in error.

In addition to making decisions on criminal cases, a grand jury also tours local government offices and facilities and speaks with local officials in order to make recommendations.

This grand jury recommended “that law enforcement receive hands-on training and education regarding best practices in investigative techniques and evidentiary training, to include training in computer forensics, cell phone exploitation, evidence handling, investigation of child abuse cases and addressing mental illness.”

The grand jury also recommended that the state Legislature “increase funding and resources to the Mississippi Forensics Laboratory in order to avoid substantial delays completing cases and for timely processing of evidence to ensure speedy trial.

“Due to operational challenges of the MS Forensics Laboratory resulting

in significant delays in reporting lab results, the grand jury recommends that county officials research opportunities and the feasibility of contracting with private labs to provide services to meet the law enforcement needs of the county.”

The grand jury also recommended that law enforcement agencies use case-tracking software to ensure speedy trials.

It also recommended continued investment in safety equipment, data storage and body cameras, as well as evaluation of IT equipment, applications and backup systems.

It also recommended the continued use of the forensic interview services of the Hope Haven Child Advocacy Center and continued clinical therapeutic mental health services to the inmates at the Hancock County Jail.

Other recommendations included:

- That local governments explore public, private and faith-based partnerships to establish drug treatment facilities within Hancock County.
- Reviewing and evaluating local law enforcement salaries and allocating funds to ensure pay is more attractive and competitive with similar law enforcement agencies in the region.
- That the Hancock County Board of Supervisors and other officials continue to evaluate space reallocation and electronic records storage options at the courthouse to facilitate the creation of a prisoner holding cell for trials.
- That the board of supervisors and local municipalities conduct evaluations of public properties to identify areas that need additional cameras and lighting.

NOTICE OF A PUBLIC HEARING

ON THE PROPOSED BUDGET
AND THE PROPOSED TAX LEVIES FOR
THE UPCOMING FISCAL YEAR FOR THE
CITY OF WAVELAND

The City of Waveland will hold a public hearing on its proposed budget and proposed tax levies for fiscal year ending September 30, 2022 on Tuesday September 7, 2021 at 6:30 p.m. at the Waveland City Hall Boardroom, 301 Coleman. You can also attend via Go To Meeting. Please join our meeting from your computer, tablet or smartphone.
<https://global.gotomeeting.com/join/463826421>

You can also dial in using your phone. United States:
+1 (669) 224-3412
One-touch: tel:+16692243412, 46382642
Access Code: 463-826-421.

The City of Waveland is now operating with projected total budget revenue of \$11,907,652.00. (21.36 percent) or \$2,543,195.00 of such revenue is obtained through ad valorem taxes. For the next fiscal year, the proposed budget has a total projected revenue of \$13,021,502.95. Of that amount, (22.52 percent) or \$2,932,253.95 is proposed to be financed through a total ad valorem tax levy. The decision to not increase the ad valorem tax millage rate for fiscal year ending September 30, 2022 above the current fiscal year’s ad valorem tax millage rate means you will not pay more in ad valorem taxes on your home, automobile tag, utilities, business fixtures and equipment and rental real property, unless the assessed value of your property has increased for fiscal year 2021.

A millage rate of 32.73 will produce the same amount of revenue from ad valorem taxes as was collected the prior year. The millage rate for the prior year was 37.55.

Any citizen of the City of Waveland is invited to attend this public hearing on the proposed budget and tax levies for the fiscal year end September 30, 2022 and will be allowed to speak for a reasonable amount of time and offer tangible evidence before any vote is taken.

Pearl River opens bids for Aviation and Aerospace Workforce Academy Hangar

SEA COAST ECHO

Pearl River Community College's Aviation and Aerospace Workforce Academy Hangar is one step closer to coming to life as the construction for the state-of-the-art facility is going out to bid. The process opens Wednesday and will close at 10 a.m., Friday, Sept. 17, 2021.

"We are grateful for the countless hours of work and support that we have received from several different governmental entities to get us to this point," said Pearl River Community College President Dr. Adam Breerwood. "It has been a long but necessary process. I felt like it was Christmas morning when I opened the email providing us permission to begin advertisement for the construction bid process."

The Aviation and Aerospace Workforce Academy will be adjacent to Stennis International Airport, Hancock High School and the Stennis Space Center Buffer Zone.

Aviation and Aerospace Workforce Academy and Hangar a reality.

"This is a great day for Pearl River Community College, Hancock County and all of our surrounding business and industry partners," Breerwood said. "Our local, state and federal leadership have focused on job creation and enhancing the skills of our local workforce. We have embraced that vision and believe this new campus will serve as an economic engine for generations to come. We are ready to go."

When completed, the approximately 18,000 square foot hangar will contain three classrooms with labs, an open hangar area with hands-on lab stations, outdoor covered area for equipment training, lobby with reception area, faculty and staff of-

fices.

Direct runway access will allow for study and testing of operational vehicles with attention given to state-of-the art composites and sheet metal materials. Aviation systems and power plant design, repair and maintenance can be studied, performed and tested in real time on operational equipment. In addition to the Stennis International Airport runways, the hangar will have direct access to service and fueling facilities.

"We are excited to advance to this phase toward the construction of the new PRCC Hancock Campus," said Dr. Jennifer Seal, Vice President for Hancock Campus. "The new hangar will provide a multifunctional educational space for training local students to meet current and future

industry needs."

Airframe & Propulsion Technology, Unmanned Aerial Systems and Precision Manufacturing programs will be housed at the hangar. Unmanned Aerial Systems is currently offered at PRCC's existing Hancock Campus; new hydrography classes were recently added. More pathways will be added once the facility opens.

"As we move forward to provide a state-of-the art campus in Hancock County, we know the real work begins now," said Director of Government & Community Relations Angie Kothmann. "This facility and our programs will be a game changer for not only Hancock County and the State of Mississippi, but the entire Gulf Coast region for many generations to come."

The real horror

There have been several documentaries over the years that provide some insight into the mind of a serial killer.

They do so by using taped interviews. I’ve heard interviews with Jeffrey Dahmer, Ted Bundy, Ed Kemper, Sam Little, and more recently, Dennis Nilsen.

There’s a new documentary on Netflix called “Memories of a Murderer: The Nilsen Tapes,” and it’s quite the chilling watch.

Along with interviews from police who investigated Nilsen’s crimes, the director also weaves in his audio recordings of his thoughts on his crimes, the media, and many other dark themes.

However, there is so much more to his story to be disturbed about than just the 15 or 16 murders he claimed to have committed. Authorities believe that he murdered these young men and boys between 1978 and 1983 in London, England at his home.

People like to focus on the gruesome crimes of the accused. Yes, it is one of the most heinous acts to take a human life.

However, Nilsen, like many other serial killers preyed upon the outcasts.

Those who had been tossed aside by family or friends because of their sexual orientation, addiction or whatever else those who feel they are better than all decide upon.

Nilsen’s victims were never reported missing. So it gave him a prime hunting ground to commit murder.

The authorities were only alerted to his killing spree after the drains in his neighborhood became clogged with bones of the deceased.

Dahmer was the same way. The majority of his victims were African-American and homosexual.

Little confessed to murdering 93 people, mostly women who were sex workers. Little’s story is also problematic, because the man had a rap sheet taller than I am, but was never convicted until 2012, after a murder spree that began in the 1970s. One of his first victims was from the Mississippi Gulf Coast.

Maybe you’ve heard the phrase “No Humans Involved.” I’ve heard it many times.

According to the Urban Dictionary, the term NHI was used in the 1980s by police officers in Los Angeles who used it to refer to the “murders of prostitutes, gang members, and drug addicts (majority black and in poverty).”

The term has always disgusted me, as if law enforcement is only there to look out for the wealthy, drug-free, etc.

Meanwhile, serial killers know this. Nilsen was

Hancock History: The Women’s Suffrage Movement

In the second decade of the twentieth century, Hancock County and the rest of the world witnessed transformative change described at the time as the end of the old order and the beginning of a “new era.” The women of the United States who comprised half of the country’s population, would finally get the vote and be able to participate in our republic.

The Women’s Suffrage Movement started in 1848 championed by Susan B. Anthony at the Seneca Falls Convention in upstate New York. The movement did not gain immediate traction in the South because of a regional, cultural pride of “Southern ladies” in their perceived roles or identity that precluded getting involved in men’s business or politics. Yet, by the 1890’s, forward thinking activist women leaders began to see the potential value for women to acquire voting privileges that would improve their legal, educational, and employment opportunities as well as

HANCOCK HISTORY
by James Keating

promote reforms of society.

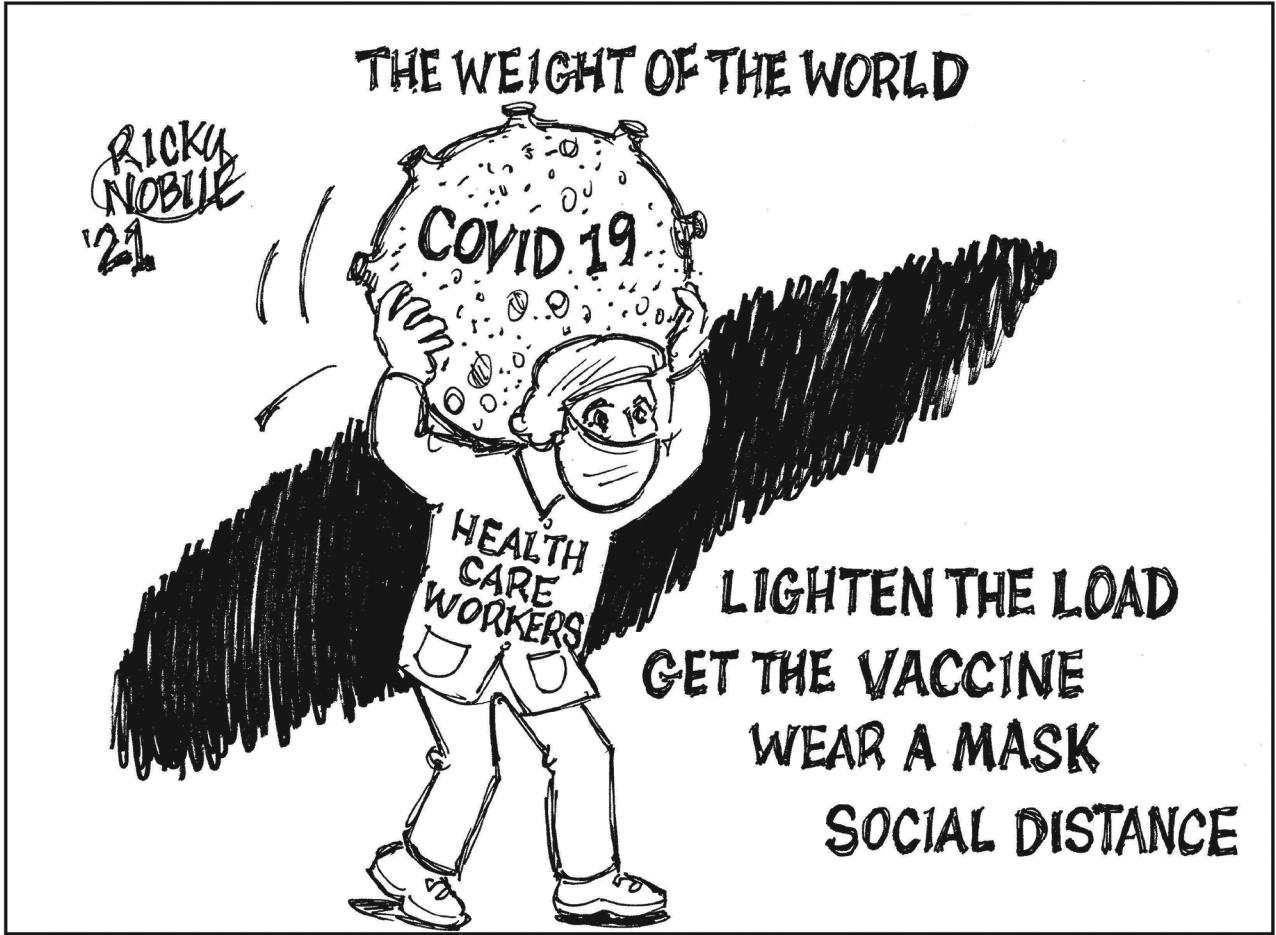

Nellie Nugent Somerville (1863-1952) of Greenville, MS, was president of the Mississippi Women’s Suffrage Association at that time. She and fellow suffragists worked hard speaking, writing, and distributing literature in Mississippi for several years but were quite discouraged and pessimistic by the early 1890’s. In 1906, a national professional speaker, Belle Kearney (1863-1939) of Madison County, MS, focused her attention on Mississippi to bring back life to the woman’s suffrage association. But it

was not until 1917 that the other activists such as the MS Federation of Women’s Clubs, that promoted such causes as temperance, supported woman’s suffrage. The one serious state campaign in 1914 that generated a suffrage resolution failed in the MS State House of Representatives with a vote of 42 for and 80 against. Mississippi suffragists decided in 1915 that it would take a US Constitutional Amendment to get the vote.

The Nineteenth Amendment was finally added to the Constitution on August 20, 1920. The Mississippi Legislature had previously rejected the amendment. In addition, Mississippi was only one of two states that did not allow women to vote in the 1920 Presidential Election. Mississippi did finally ratify the 19th Amendment on March 22, 1984. Nevertheless, Somerville and Kearney were elected in 1922 into the Mississippi Legislature.

In conclusion, the

Nineteenth Amendment was more than symbolic of a cultural revolution for women in our society. Indeed, worldwide, in this time frame, a new era began and an old order ended, economically and culturally. Electricity and the automobile would transform the landscape of Hancock County and the rest of the world. In geopolitical terms, the only winner of World War I was the United States of America. Consequently, America would become the dominant superpower, the dollar the world’s reserve currency, and Wall Street the financial center of the global marketplace. In those four years of World War I the USA evolved from being a debtor nation owning \$3B to a creditor nation owed by its allies \$12B. Looking back just over 100 years, a portrait of Hancock County reveals that 1918-1920 was perhaps the best of times, and yet, in some ways, considering the Spanish Flu and the Great War, the worst of times.

it not only will provide aid to newspapers, but also to subscribers and local small businesses through tax credits that will benefit them directly.

Newspaper subscribers already understand the importance of their local newspaper and that their continued support is critical. Through this legislation, subscribers will receive a tax credit of up to \$250 per year. It’s a win-win for subscribers as this tax credit will cover a significant part of their annual newspaper subscription, no matter if it’s print or digital.

For local businesses, there’s a direct benefit from the LJSA, as well. When they use the effective print and digital

NOTICE OF A PUBLIC HEARING ON THE PROPOSED BUDGET AND PROPOSED TAX LEVIES FOR THE UPCOMING FISCAL YEAR FOR HANCOCK COUNTY, MISSISSIPPI

The Hancock County Board of Supervisors will hold a public hearing on its proposed budget and proposed tax levies for Fiscal Year 2021-2022 on September 7, 2021, at 2:00 p.m. at the Board of Supervisors Meeting Room at 854 Highway 90, Bay Saint Louis, Mississippi 39520.

Hancock County, Mississippi is now operating with projected total budget revenue of \$56,575,586.00 with forty-four percent (44%) or \$24,884,735.00 of such revenue obtained through ad valorem taxes. For the next fiscal year, the proposed budget has total projected revenue of \$76,683,820.00. Of that amount, thirty-four percent (34%) or \$26,370,230.00, is proposed to be financed through total ad valorem tax levy.

The Hancock County Board of Supervisors has decided not to increase the ad valorem tax millage rate for Fiscal Year 2021-2022 above the current fiscal year's ad valorem tax millage rate. However, the Board of Supervisors has decided to reduce the millage rate by 3.02 mills from 49.010 mills to 45.990 mills. This means you will not pay more in ad valorem taxes on your home, automobile tag, utilities, business fixtures and equipment and rental real property, unless the assessed value of your property has increased for Fiscal Year 2021-2022.

During the present fiscal year, Hancock County completed a countywide reappraisal of the valuation of the property within the County that has been approved by the Department of Revenue and that resulted in an increase in the assessed valuation. A millage rate of 43.328 mills would produce the same amount of revenue from ad valorem taxation on property of Hancock County that was produced in the fiscal year before the property of Hancock County was reappraised (Per Miss. Code Ann. Section 27-39-203(7)).

During the present fiscal year, Hancock County has also completed a countywide reappraisal of the valuation of the property within the Hancock County School District that has been approved by the Department of Revenue and that resulted in an increase in the assessed valuation. A millage rate of 43.020 mills would produce the same amount of revenue from ad valorem taxation on property of the Hancock County School District that was produced in the fiscal year before the property of Hancock County was reappraised (Per Miss. Code Ann. Section 27-39-203(7)).

Any citizen of Hancock County, Mississippi is invited to attend this public hearing on the proposed budget and tax levies for Fiscal Year 2021-2022 and will be allowed to speak for a reasonable amount of time and offer tangible evidence before any vote is taken.

It is the intent of the Hancock County Board of Supervisors to recess this September 7, 2021, public hearing until September 15, 2021, at 5:00p.m. in order to Adopt the Budget and Set the Tax Levies for Fiscal Year 2021-2022.

New members appointed to Access to Justice Commission

SEA COAST ECHO

Hancock County Court Judge Trent Favre, Harrison County Law Library Director Stephen T. Johnson and Jackson attorneys Cynthia Lee and Julian D. Miller have been appointed to the Access to Justice Commission.

Hinds Chancery Judge Tiffany Grove of Raymond and Itawamba County Chancery Clerk Michelle Clouse of Fulton were reappointed to the Commission. Mississippi Supreme Court Chief Justice Mike Randolph issued the appointment order on July 9. The appointees will serve three-year terms set to end June 30, 2024.

Access to Justice Commission Executive Director Nicole McLaughlin of Tupelo said, “The Commission is excited to have these new and returning Commissioners and we look forward to the insight they will bring to assist with projects and initiatives that expand access to justice in Mississippi.”

The Supreme Court created the Access to Justice Commission in June 2006. The Commission works to develop and recommend policies, programs and initiatives which assist the judiciary in meeting needs for civil legal services to the poor.

The Access to Justice Commission provides assistance to low income people through free family law clinics across the state. The Commission most recently partnered with the Mississippi Center for Justice to create a virtual court navigator for litigants in Justice Court. The Commission spearheaded efforts to help self-represented civil litigants by creating forms to help them draft documents for filing in Chancery Court. The Commission partnered with other organizations to produce a series of self-help videos for litigants in Chancery and Youth Courts. The Commission through its website also provides

solutions of their local newspaper, they will be eligible for a tax credit up to \$5,000 the first year and \$2,500 per year for the next four years. Not only will this credit offset some of their advertising investment, it also will help them improve their business by reaching more customers and generating more sales. It keeps money invested locally and helps maintain jobs and support other local initiatives.

For local newspapers, the LJSA provides a much-needed bridge to continue the evolution toward a digitally-based model. The temporary tax credits for newspapers will be tied directly to maintaining healthy newsrooms and employing professional journalists committed to producing local news and information. The benefits will be local, not redirected to national media organizations, and provide local readers with continued access to the

content that’s most important to their lives.

However, in order for the LJSA to provide these benefits to subscribers, local businesses and newspapers, it needs the support from members of the House and Senate. And the best way for that to happen is for them to hear directly from their constituents and supporters. To support the future of local newspapers, reach out to your representatives and encourage them to support the Local Journalism Sustainability Act, and — in turn — support the communities they serve. There’s a benefit for everyone.

On behalf of its approximately 1,500 newspaper and associate member companies, America’s Newspapers is committed to explaining, defending and advancing the vital role of newspapers in democracy and civil life. We put an emphasis on educating the public on all the ways newspapers contribute to building a community identity and the success of local businesses. Learn more: www.newspapers.org

SPURGEON CLARK CROSBY, II “SPUD”

Spurgeon Clark Crosby, II “Spud”, age 89, a resident of Diamondhead, MS, passed away Wednesday, August 11, 2021, in Slidell, LA.

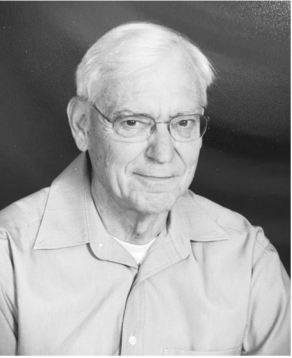

Spud was a native of New Jersey. He lived in Waveland and Diamondhead, MS for 45 years. He received a Bachelor of Arts degree in Geology from Marietta College and a Master of Arts degree from the University of North Dakota. Spud served in the U.S. Army as a specialist in Germany during the Korean War. He was employed for several years and retired from the Naval Oceanographic office at Stennis, in Bay St. Louis, MS after 35 years. Spud was an Eagle Scout in the Boy Scouts of America. He

enjoyed model trains, reading, and working on old cars. He was a member of the Main St. Methodist Church in Bay St. Louis, MS.

He was preceded in death by his parents, Spurgeon Clark Crosby, and Rachel Margurite Crosby; wife, Marjorie Gladys Crosby; and sister, Nancy Ann Stanley.

Spud is survived by his children, Spurgeon Clark Crosby, III (Gennifer), and Wesley Arthur Crosby (Heather Bailey); grandchildren, Caroline Elizabeth Goldsworthy, Spurgeon Clark Crosby, IV, and Collin Herrin Crosby; great grandchildren, Ember Claire Bealer, and Daniel Grayson Goldsworthy; and several nieces and nephews.

The family wishes to thank everyone who has called, texted, and sent

cards. The family sends special thanks to Serenity Pearl and Oschsner Medical Center, Northshore for their personal and medical care.

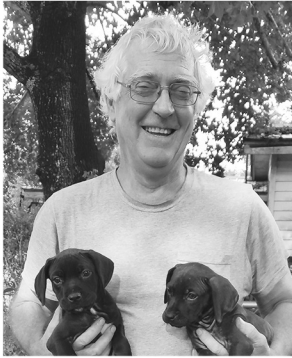

In lieu of flowers, the family requests those who wish to express sympathy to consider making a donation to Main Street United Methodist Church, 162 Main Street, Bay St. Louis, MS 39520.

HOWARD DOUGLAS DORRIS

Howard Douglas Dorris, age 71, passed away Thursday, August 19th, 2021, in Kiln, Mississippi. Howard was a kind and intelligent man who was friendly to everyone and everything. He had an amazing knack for mechanics and could fix or build just about anything. He enjoyed having friends over to work in his shop, and he especially loved riding and restoring motorcycles. Howard loved his wife, Georgia, and their furbabies. He enjoyed the simple life in Kiln, MS, and never cared what anyone thought about him. He was simply, honestly Howard. Howard retired as an Electrician. He learned the trade from going on service calls with his father, who learned it from his father. Howard passed this knowledge down to his nephew,

Joel Dorris. Joel is training his own sons in the trade as well. Howard practically raised Joel and felt that his nephew was his greatest accomplishment. Howard was a Vietnam veteran. He joined the Navy and spent most of his days in the ship’s boiler room, rarely seeing daylight. His time there caused the lung issues that ultimately lead to his death. He never complained, though, and stayed positive until the end, proud of the life that he lived. Howard was a dreamer and an inventor, a wonderful provider, and an inspiration to many. He will be so missed. Howard is preceded in death by his mother, Ruth Weller Blue, his father, William Bryant Dorris II, and his brother, William Bryant Dorris III. He leaves behind his wife of 42 years, Georgia Goodell, his nephews Joel (Jaimee) Dorris and Sunshine Dorris, his

great niece Mary Kaytlin Dorris, his great nephews Joel Dorris Jr, Hayden Howard Dorris, Olin Wyatt Dorris, his best friend Trapper, and his dogs Bunny, Caesar, Lola and Sadie. Animal rescue was a cause very close to Howard’s heart. He and Georgia fostered many puppies for the Hancock County Animal Shelter. Donations can be made to Friends of the Animal Shelter, PO Box 2274, Bay St Louis, MS, 39521. Due to Covid, a remembrance service will be held at a later date.

Since Dec. 11, 2020, the Pfizer-BioNTech COVID-19 Vaccine has been available under EUA in individuals 16 years of age and older, and the authorization was expanded to include those 12 through 15 years of age on May 10, 2021. EUAs can be used by the FDA during public health emergencies to provide access to medical products that may be effective in preventing, diagnosing, or treating a disease, provided that the FDA determines that the known and potential benefits of a product, when used to prevent, diagnose, or treat the disease, outweigh the known and potential risks of the product.

FDA-approved vaccines undergo the agency's standard process for reviewing the quality, safety and effectiveness of medical products. For all vaccines, the FDA evaluates data and information included in the manufacturer's submission of a biologics license application (BLA). A BLA is a comprehensive document that is submitted to the agency providing very specific requirements. For Comirnaty, the BLA builds on the extensive data and information previously submitted that supported the EUA, such as preclinical and clinical data and information, as well as details of the manufacturing process, vaccine testing results to ensure vaccine quality, and inspections of the sites where the vaccine is made. The agency conducts its own analyses of the information in the BLA to make sure the vaccine is safe and effective and meets the FDA's standards for approval.

Comirnaty contains messenger RNA (mRNA), a kind of genetic material. The mRNA is used by the body to make a mimic of one of the proteins in the virus that causes COVID-19. The result of a person

receiving this vaccine is that their immune system will ultimately react defensively to the virus that causes COVID-19. The mRNA in Comirnaty is only present in the body for a short time and is not incorporated into - nor does it alter - an individual's genetic material. Comirnaty has the same formulation as the EUA vaccine and is administered as a series of two doses, three weeks apart.

"Our scientific and medical experts conducted an incredibly thorough and thoughtful evaluation of this vaccine. We evaluated scientific data and information included in hundreds of thousands of pages, conducted our own analyses of Comirnaty's safety and effectiveness, and performed a detailed assessment of the manufacturing processes, including inspections of the manufacturing facilities," said Peter Marks, M.D., Ph.D., director of FDA's Center for Biologics Evaluation and Research. "We have not lost sight that the COVID-19 public health crisis continues in the U.S. and that the public is counting on safe and effective vaccines. The public and medical community can be confident that although we approved this vaccine expeditiously, it was fully in keeping with our existing high standards for vaccines in the U.S."

FDA Evaluation of Safety and Effectiveness Data for Approval for 16 Years of Age and Older

The first EUA, issued Dec. 11, for the Pfizer-BioNTech COVID-19 Vaccine for individuals 16 years of age and older was based on safety and effectiveness data from a randomized, controlled, blinded ongoing clinical trial of thousands of individuals.

To support the FDA's approval decision today, the FDA reviewed updated data from the clinical trial which supported the EUA and included a longer duration of follow-up in a larger clinical trial population.

Specifically, in the FDA's review for approval, the agency analyzed

effectiveness data from approximately 20,000 vaccine and 20,000 placebo recipients ages 16 and older who did not have evidence of the COVID-19 virus infection within a week of receiving the second dose. The safety of Comirnaty was evaluated in approximately 22,000 people who received the vaccine and 22,000 people who received a placebo 16 years of age and older.

Based on results from the clinical trial, the vaccine was 91% effective in preventing COVID-19 disease.

More than half of the clinical trial participants were followed for safety outcomes for at least four months after the second dose. Overall, approximately 12,000 recipients have been followed for at least 6 months.

The most commonly reported side effects by those clinical trial participants who received Comirnaty were pain, redness and swelling at the injection site, fatigue, headache, muscle or joint pain, chills, and fever. The vaccine is effective in preventing COVID-19 and potentially serious outcomes including hospitalization and death.

Additionally, the FDA conducted a rigorous evaluation of the post-authorization safety surveillance data pertaining to myocarditis and pericarditis following administration of the Pfizer-BioNTech COVID-19 Vaccine and has determined that the data demonstrate increased risks, particularly within the seven days following the second dose. The observed risk is higher among males under 40 years of age compared to females and older males. The observed risk is highest in males 12 through 17 years of age. Available data from short-term follow-up suggest that most individuals have had resolution of symptoms. However, some individuals required intensive care support. Information is not yet available about potential long-term health outcomes. The Comirnaty Prescrib-

prevent COVID-19 unless it has been prescribed to you by your health care provider and acquired from a legitimate source.

Don't take ivermectin intended for animals to prevent or treat COVID-19 (or any animal medications).

Livestock ivermectin is highly concentrated, is toxic to people, and can cause serious harm.

State Health Officer Dr. Thomas Dobbs said that Mississippi is now seeing its "fourth wave" of COVID cases.

As of Aug. 23, about 14,923 Hancock residents — about 31 percent of the population — had received at least one dose of a COVID-19 vaccine. Only 12,113 Hancock residents — about 25 percent of the population — had been fully vaccinated.

The Mississippi Department of Transportation is offering help with transportation to vaccination sites. Call the toll free line at 1-866-813-3616.

The Pfizer vaccine is authorized for children as young as 12, while the Moderna vaccine is for those 16 and up and

the Johnson and Johnson vaccine is approved only for those 18 and up.

"Anyone with symptoms of fever, severe cough or severe chest pains — especially those who are older or in poor health — should make arrangements for testing with their doctor or one of the many healthcare providers now performing testing," according to MSDH.. The latest COVID-19 guidance and protective steps to take are also online at <http://HealthyMS.com/covid-19>.

The MS Coronavirus Hotline is the best way to get your questions about COVID-19 answered. Call 877-978-6453 from 7 a.m. to 7 p.m. seven days a week.

You should not take any medicine to treat or prevent COVID-19 unless it has been prescribed to you by your health care provider.

There are safe and effective medications to prevent and treat COVID-19 infection such as getting vaccinated or asking your doctor about monoclonal antibody treatment if you test positive for COVID-19.

NOTICE OF PUBLIC HEARING ON THE PROPOSED BUDGET AND PROPOSED TAX LEVIES FOR THE UPCOMING FISCAL YEAR FOR THE CITY OF BAY ST. LOUIS

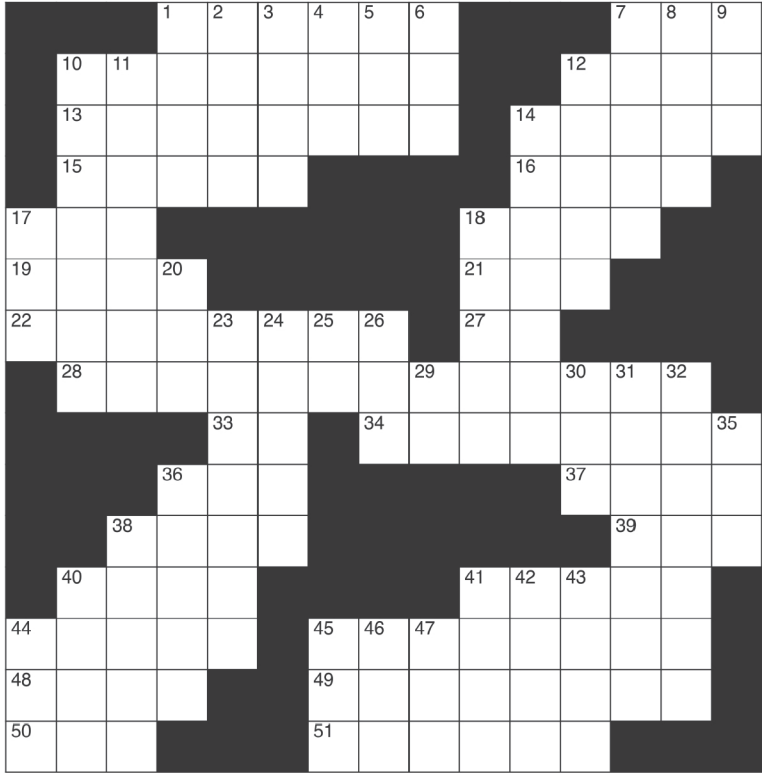

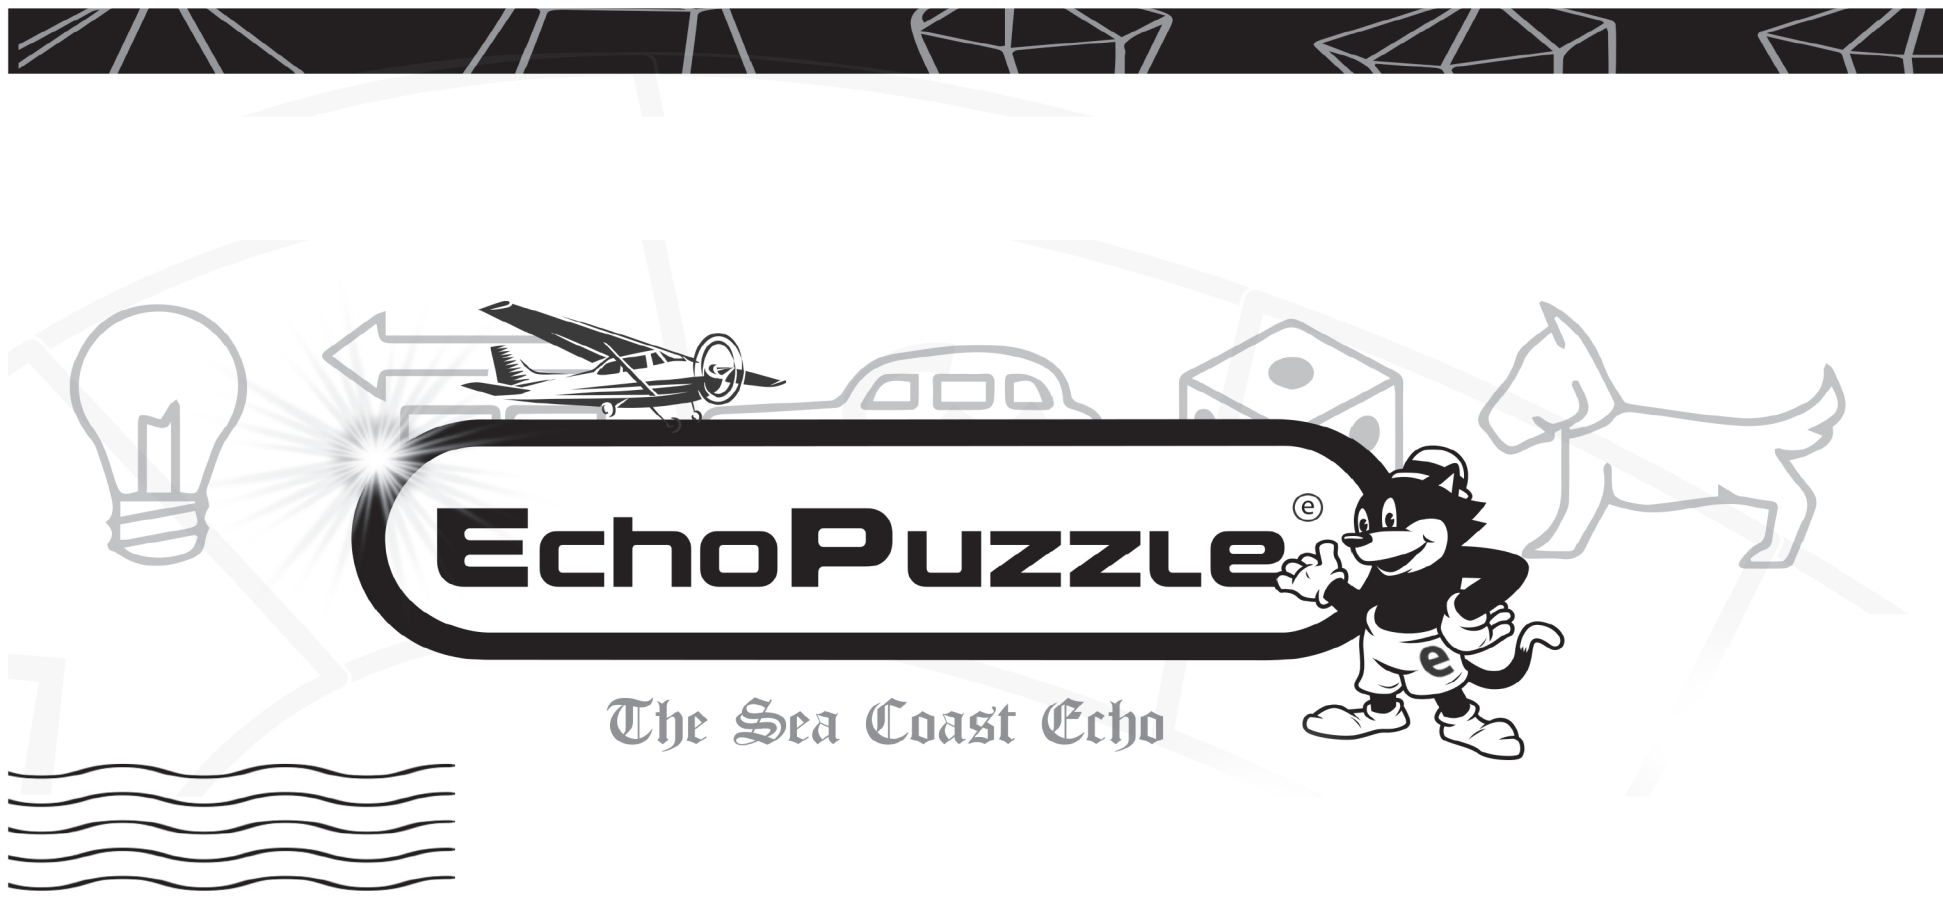

The City of Bay St. Louis will hold a public hearing on its proposed budget and proposed tax levies for FYE 2022 on Sept. 8, 2021 at 5:30 p.m. at the Council Chambers, 598 Main Street, Bay St. Louis, MS 39520.

The City of Bay St. Louis is now operating with projected total budget revenue of \$24,683,785. 15.47 percent or \$3,818,953 of such revenue is obtained through ad valorem taxes. For the next fiscal year, the proposed budget has a total projected revenue of \$28,550,778. Of that amount, 15.72 percent or \$4,488,891 is proposed to be financed through a total ad valorem tax levy.

The decision to not increase the ad valorem tax millage rate for FYE 2022 above the current year's ad valorem tax millage rate means you will not pay more in ad valorem taxes on your home, automobile tag, utilities, business fixtures and equipment and rental real property, unless the assessed value of your property has increased for FYE 2022.

A millage rate of 22.92 mills will produce the same amount of revenue from ad valorem taxes as was collected the prior year. The millage rate for the prior year was 28.75 mills.

Any citizen of the City of Bay St. Louis is invited to attend this public hearing on the proposed budget and tax levies for fiscal year FYE 2022 and will be allowed to speak for a reasonable amount of time and offer tangible evidence before any vote is taken.

Varieties of Spiritual Experience

By **C. GERALD RICHARDSON, D. MIN.**

Spiritual practice has always been something of a moving target. Persons can and do have a variety of ways of relating to their understanding of God and the experiences which accompany it. For some spirituality is deeply personal which is difficult to express or even speak about freely. For others faith is the primary source of their conversation. They talk about it often and freely, and they might even feel deprived if they do not find opportunities to express their convictions in words to someone else. For still other people, spiritual

faith finds its greatest expression in concrete acts of human kindness. For these people faith is not something which requires a lot of talk. They prefer to demonstrate their beliefs in the work which they do on behalf of others. These are usually the folks who can be found working in such arenas as “Habitat for Humanity” or local food banks. They seem to find great appreciation for the words of the apostle James who declared that “Faith without works is dead.” Of course each of these positions can be valid. Human personality is diverse, and the key

C. Gerald Richardson, D. Min.

is finding the means of expression which is in keeping with the honest experience of who we are.

In all these expressions of faith, it is crucial to find ways which have the potential to make a

real difference in life. People of faith are those who have experienced something important and whose lives are richer and fuller as a result. Actually, such experiences may be part of a continuing process in which moments of awareness build, one upon the other, with ever increasing enrichment for the person involved. The moment of blinding conversion such as reported by the apostle Paul in the book of Acts is valid to the extent that the moment is the beginning and not the end of the journey. An important insight of Jewish spirituality is that scrip-

ture should not be seen as the end of the conversation but the start of it. Faith that fails to evolve and grow is hardly faith at all, but it is dogma.

Personal faith may be observed and admired in a variety of spiritual experiences. It is a real gift to discover places in which our faith is helpful and redemptive on behalf of humanity. This is an opportunity which should never be taken lightly.

Of course personal responsibility is at the heart of this understanding. We must take care that the work that we do, and the convictions

which we hold, represent the highest possible values rooted in love for our fellow human beings. We are called to reach out to the “least among us”, There is risk in this. We can be disappointed.

We can be rebuffed. Sometimes the very ones we are trying to help can take advantage of us. Some situations seem to hold little promise.

However, love and grace can find a way even when promise seems small. Thanks be to God for all the spiritual pilgrims who look for ways to make the promise real.

NOTICE OF HEARING To: General Public and affected property owners listed herein below Re: September 7, 2021 Hearing to Determine Whether Described Property Constitutes a Public Nuisance Hearing Location: 854 Highway 90, Bay St. Louis, MS 39520 (Hancock Co. Board of Supervisors/Board Room) THE HEARING NOTICED IS IMPORTANT AND YOU MUST TAKE IMMEDIATE ACTION TO PROTECT YOUR RIGHTS. The Hancock Board of Supervisors (“the Board”) has issued a resolution invoking its authority pursuant to Miss. Code Ann. 19-5-105 to hold a hearing to determine whether or not the below described real property constitutes a public nuisance due to the presence of a fire and safety hazard on the premises, and/or other conditions on the premises. The Board will hold a hearing on September 7, 2021, beginning at 1:30 p.m. to determine whether the described property constitutes a menace to the public health and safety of the community. IF YOU DO NOT AGREE THAT THE DESCRIBED PROPERTY CONSTITUTES A MENACE TO PUBLIC HEALTH AND SAFETY, YOU MUST APPEAR AT THE HEARING TO CONTEST THE ISSUE. In the event that the Board determines at the hearing that the described property constitutes a menace to the public health and safety of the community, the Board may, if you do not do so, proceed to clean the land by removing the hazardous structures from the described real property. An adjudication at the hearing that the property or parcel of land is in need of cleaning will authorize the board of supervisors to reenter the property or parcel of land for a period of one (1) year after the hearing without any further hearing, if notice is posted on the property or parcel of land and at the county courthouse or another place in the county where such notices are generally posted at least seven (7) days before the property or parcel of land is reentered for cleaning. A copy of the required notice mailed and posted as required by Mississippi Code Section 19-5-105 shall be recorded in the minutes of the board of supervisors in conjunction with the hearing required by said section. After the property is cleaned, the Board may by resolution adjudicate the actual cost of cleaning the property and the assessment would become a lien against the property to be enrolled and enforced by sale of the land in the same manner as liens to enforce delinquent taxes. The properties that are subject to the hearing are the following:

PUBLIC NOTICE OF APPLICATION FOR STATE WATER QUALITY CERTIFICATION OF ACTIVITIES REQUIRING A FEDERAL LICENSE OR PERMIT
 Mr. Henry Martinez, Sr., 2208 McLaurin St., Waveland, MS 39576 hereby gives

public notice of its application for water quality certification of a project located at Lot 4 Pompano Cir., Bay St. Louis, Hancock County, MS
 The Applicant proposes to fill approximately 0.097 acres (4,225 square feet) of highly impacted degraded spoil wetland. The wetland on the site is previously filled from the construction of the adjacent tidal canal, however it retains marginally hydric conditions.
 The purpose of the Project is to support the construction of a single family residence on the applicant's property.
 The applicant has proposed to mitigate the impacts to wetlands through avoidance and minimization measures and best management practices. The applicant has avoided wetlands on other sites with higher quality functional estuarine resources through proper site selection. The applicant has minimized and avoided unnecessary wetland impacts on the proposed construction site by avoidance of wetland along the manmade canal. The applicant has minimized proposed and cumulative impacts by proposing proper grading, grade stabilization, implementation of best management practices during and after construction, and limitation of the wetland fill to the absolute minimum necessary for construction.
 In compliance with the requirements of Section 401 of the Federal Water Pollution Control Act (33 U.S.C. 1251, 1341), the Applicant has applied for certification from the Mississippi Environmental Quality Permit Board that the above mentioned activity will comply with applicable provisions of Section 301 (33 U.S.C. 1311), Section 302 (33 U.S.C. 1312), Section 303 (33 U.S.C. 1313), Section 306, (33 U.S.C. 1316), and Section 307 (33 U.S.C. 1317), of the federal Clean Water Act and appropriate requirements of State Law.
 Persons wishing to comment upon this Application for certification are invited to submit comments in writing to Florance Bass of the Mississippi Department of Environmental Quality, at P.O. Box 2261, Jackson, Mississippi, 39225-2261, no later than 30 days from the date of notice. All comments received by this date will be considered in the formulation of final determinations regarding the application. A public hearing will be held if the Permit Board finds a significant degree of public interest in the proposed certification. The Permit Board is limited in the scope of its analysis to matters bearing on the Projects possible impacts on water quality. Any comments relative to zoning or economic and social impacts are within the jurisdiction of local zoning and planning authorities and should be addressed to them.
 Additional details about the application are available by writing or calling Florance Bass at the Permit Board address and telephone number below. This information is also available for review at the following location during normal business hours.

• HORROR Continued from Page 5

a former law enforcement officer who had also been caught assaulting someone prior to his murderous spree. But, surprise, surprise, he was not punished for that crime.

Ah, but everyone seems to care about the victims when it yields big headlines, a pat on the back from the city and citizens for doing such a good job in catching a monster, or adds a much-needed notch to an aspiring prosecuting attorney's resume.

Then society "cares" about the victims.

It's easier to condemn the murderer.

But how about we condemn those who give serial killers like Nilsen such a prime hunting ground?

Like the parents who disown their child because he or she is homosexual or addicted to drugs. Like some law enforcement officers who believe in the "no human involved" concept.

Or like people who, in general, see people like sex workers, homosexuals, and addicts as less than.

Some of these same people also attend and support religious organizations that for years and years have covered up

several heinous abuses of power such as pedophilia and other criminal acts. Yes, please save your "it doesn't happen in my church" argument. People's tithing and attendance still supports the tippy-top of said organization.

I grew up in the church and I had some pastors who were also awesome. They taught me and also exhibited "Christian" love. I was not taught to hate people for their sexual orientation or for having an addiction to a powerful drug. But, when I witnessed several moments of absolute wrongdoing, I decided an organized religious group wasn't for me. More so when I realized, the congregation was unwilling to recognize the wrongs and just forget about them.

I've heard stories about parents disowning their children for this and that. What kind of love is that? It's an attempt to save one's image portrayed at the weekly "dinner on the grounds."

In essence, parents like that send their children to the wolves. They are left with nothing. They might turn to drugs or sex work for managing the pain. Both can be quite dangerous and ostracizing. They might be left homeless and in a complete state of mental breakdown.

They are prime targets for serial killers who

know that these types of prey will not get any attention from the families, law enforcement, or media. That's the real horror.

So many of these earlier serial killers' crimes span decades.

I think it's shameful for parents to hate their children, without any good and logical reasoning. That's not love, that's not "bringing them closer to God." It's hate.

I think it's shameful for society in general to treat people in this manner.

It's awful to think that these victims died, not only under horrific circumstances, but without anyone to care about their lives until the murderer's actions gained frenzied attention.

IT'S TIME: HIGH SCHOOL FOOTBALL HAS ARRIVED

BY JOSEPH W. GEX, II
STAFF WRITER

High school football returns Friday night.

The Bay High Tigers were the only team in action last Friday evening when they played a jamboree against Resurrection.

The teams ended tied 13-13 but got to see what they needed to focus on leading up to this Friday evening.

Fisher DeCamp scored on a quarterback keeper and Zander Ladner tossed a pretty deep ball to Ethan Galloway.

Bay High head coach Jeremy Turcotte commented, "I am not disappointed by anything tonight. This gives us something to build on and get better from Resurrection is a well coached team that came in and threw the kitchen sink at us. We now have film on us against an opponent that we can use to

grow."

Bay High hosts West Harrison this Friday night. Fisher DeCamp and Zander Ladner both took snaps tonight and performed well.

Turcotte and his staff have worked hard to be multiple on offense. This week they will have the opportunity to show how multiple they are with Noah Cutter and Carmello Simpson running the football and Terron Bedford and Ethan Galloway catching the football. This weekend Bay High takes the first step toward a possible second consecutive postseason berth.

Hancock is still in the midst of being quarantined as a school but will take the field against Long Beach on Friday.

Brandon King, D'Khyrie Smith, and Cameron Miller will lead the Hancock Hawks onto the field as the recent recipients of the Irvin Fa-

vre Award.

King will line up at quarterback and Smith will look to sack opposing quarterbacks while Miller will look to wrap up opponents at linebacker.

The Hawks will compete in the same district and are looking to make the jump to compete for a possible playoff spot.

Hancock head coach Neil Lollar stated, "I am excited about what this team can do. They have a tremendous amount of energy which is a good thing as we are playing several of them both ways. We are getting max effort from them and they have done a good job getting in shape."

Hancock opens their season at home against Long Beach on Friday. See you at Hawk Stadium.

The Pass Christian Pirates are currently under quarantine for COVID-19 protocols

and will unfortunately miss their season opener that was scheduled for Long Beach. The Pirates should return next week to the gridiron.

The Saint Stanislaus Rock-A-Chaws are scheduled to take on the d'Iberville Warriors on Friday night but COVID concerns may derail that contest. The teams are currently trying to determine the possibility of the game.

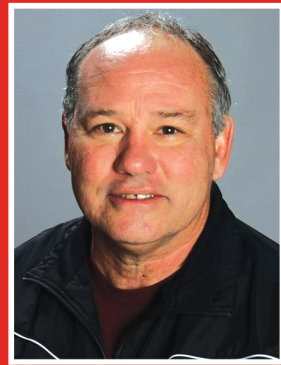

The Rocks have a strong non-division schedule to get then ready for a jump into uncharted waters in Division 8 Class 3A.

The Rocks have been members of Class 4A since 1982 when the state went to enrollment based classification but dropped this year to 3A.

SSC head coach Nate Encrpera stated, "We lost a lot of game experience last year. We have some younger players we are counting on to

team up with veterans like Joe and Jacob Bradford, Ryan Tyler, Davien LaGarde, Alex Fabra, and Kyle Stegall among

others. We are trying to find the right fit for everyone and get ready for some new opponents."

Shore Thing: Last Ditch Effort

Shore Thing Fishing Report

BY CPT. SONNY
SCHINDLER

David Ditch is from Iberia Parish. He is a busy man, and tries to make time for his family ever chance he can. He is very much into fishing, but this trip was more for his boys. His two boys Sawyer(7) and Walker(11) have pretty much grown up in the woods and on the water, thanks to their Dad. We had a great end of summer overnight Cat Is-

land trip with them, and some of their buddies. They humored their dad, putting a few really nice trout in the boat, but they got bored when the bite slowed. David, wanted them to have fun, and knew it was time to go look for some big fish.

We ran around looking for schools of bait-fish(mullet, ladyfish, pogies,). We were just about to give up, when Captain Matt's boat radioed us that there where huge fish crashing the surface, all over Flat Boat Key. As luck would have it, there some kind of Jubilee going on. There were eels and crabs all over the surface of the water. The bull reds and sharks were in an absolute feeding frenzy. If I have been on a better "big fish" bite, I don't recall it. We could barely get 2 lines in the water. David Ditch and his boys were having a blast with the

constant action. The reds and sharks were literally swimming all around the boat!

The next morning we didn't have a lot of time before everyone had to get back home. I promised which ever kiddos got up early, we'd run back to check, and see if the big fish were still there. Only Walker and his friend Jules Davis

woke up. We had close to an hour to get it done, and thankfully the fish were right where we left em. They each caught 2 big bull reds and 2 big bull sharks. It was an amazing LAST DITCH EFFORT!!!

Longo wins 2nd in powerlifting championship

Photo courtesy of Amy Longo

Ted Longo of Waveland and Diamondhead competed in the Master's Equipped USAPL National Championship in Dayton Beach FL on June 16th. He placed second in his age and weight class with a squat of 440 lbs., dead lift of 468 lbs. and a bench press of 275 lbs. setting two state records in the process. Ted was assisted in this meet by Geoff Kergosien, Bay St. Louis. Both Geoff and Ted trained with Brother Bennett Bishop while they were students at St. Stanislaus. Brother Bennett founded the American Drug Free Powerlifting Association at SSC. The organization later changed its name to USA Powerlifting and is part of the IPF (International Powerlifting Federation). The IPF has member federations in 83 countries and both organizations support drugfree competition.

pay for hearing aids for a couple that did not have insurance coverage. Several mentioned that their group had paid for eye tests and new eyeglasses to replace lost or no longer correct prescription lenses. Yet another group stated that they had collected hundreds of no longer needed eyeglasses to be cleaned, graded, and put in new frames for use of people in need around the world.

Some others reported that they had donated thousands of dollars to an organization that provided seeing-eye guide dogs for the blind. Others mentioned that they had raised several hundred dollars to provide a Diabetes Support Program for Juvenile Diabetes.

One group raised funds and provided personnel to support a fun summer camp for blind or vision-impaired children. Another group provided for a similar fun camp for the deaf or hearing-impaired youth. One group entertained the residents of a local nursing home by hosting Bingo games on a regular schedule.

Yet another group supplied funds to support Leadership Conferences for boys and girls to help them prepare for leadership roles as adults.

And many other charitable contributions were mentioned by all the members of the group assembled there.

Where was I? I could have been at any Lions Club gathering – in a South Mississippi Lions Zone Meeting, a Mississippi Lions District Meeting, a Mississippi Lions State convention, an International Lions Convention, or just one of the local meetings of the Diamondhead Lions Club.

Lions do all these things and many more. We are ordinary people doing extraordinary things.

“Many people worry all their life if they made any difference – Lions don’t have that problem.”

To find out more about the Lions, be our guest for lunch at one of our club meetings in the near future. Our next meetings are Friday, August 20, at 11:30 AM in the Diamondhead Country Club and Thursday, September 2, at 6:15 PM in the Diamondhead Community Center. HERE WE GO AGAIN: FOOTBALL 2021

BY JOSEPH W. GEX, II
STAFF WRITER

Well, here we go again with the start of another school year. And, I thought we were past all these protocols, masks, limited capacity issues, and the like. But, for some reason, COVID will just not leave well enough alone.

Last year at this time, it was like walking on egg shells trying to maneuver around protocols and the like just to be able to play our favorite game. As last year progressed, it seemed as though districts were becoming well-versed in how to deal with positive testing students, outbreaks, and the like.

When we entered the summer, it was assumed that this year would start relatively normal, if there is such a thing anymore.

Then, something called the “Delta” variant hit us and has laid waste to our hopes of being somewhat normal.

High school football season begins this Friday night in Mississippi.

This Friday our local teams of Bay High, Pass Christian, Saint Stanislaus, and Hancock take to the gridiron to open their season.

It is not unlike the other cutouts on street corners all across our beautiful state in places like Booneville, Pelahatchie, Kosciusko, and Lake Cormorant.

These gathering places that many around the

state flock to on Friday nights with family and friends to relish good times and cheer on their favorite teams is in threat again of being limited or closed due to COVID’s mutated “Delta”.

Is this the new normal? If it is then communities whose individual culture is interwoven with gathering at the local stadium to sup-

port family and friends as they play is in dire threat for a complete makeover. It could be that teams play in front of empty stadiums like what happened with the recent Tokyo Olympics.

If so, Bay High’s Noah Cutter won’t be able to show fans his run for 1,000 yards in a season or how Fisher DeCamp delivers on both sides of the ball.

Or, Hancock’s Brandon King throwing to Tanner Ladner won’t be viewed by crowds and D’Khyrie Smith sacking the quarterback will go unseen.

Perhaps at Pass Christian nobody will see Cam White and Xavian Chamberlain wow the masses with their athleticism at McDonald Stadium.

And, finally at Saint Stanislaus it might be quiet at the Brother Philip Memorial Athletic Complex when Alex Fabra finds Ja’Kobe Cameron for a deep ball in the endzone or when Ryan Tyler and Davien Lagarde combine on a stop for a big loss.

I, for one, love this time of year. It is when I am in my zone. There is nothing like stepping out on the gridiron under the lights on a Friday night to watch the purest game still around - high school football. For the last 29 seasons, I have stalked, stomped and paraded around gridirons all over

the Southeastern region. In fact, August 27 will mark my 347th consecutive ‘Friday Night Under the Lights’.

I don’t know what the answer is to this COVID crisis but I do know that this is not the first time that mankind has had to endure a pandemic such as this - either natural or man-made. Herd immunity has strengthened mankind’s defense against viral foes such as this and it will again. But, how much of our culture and routine will be forever altered and changed because of it?

I don’t know the answer to that either. And, I don’t have “MD” behind my name so it is not my place to give any instruction on how to handle this. I just hope that I am able to add to my running total of consecutive Friday nights under lights because it is my home. Well, in fact, it is my church because that is where I worship most intently. See you at the game!

Chase Rogers earns the TE spot at Ole Miss

BY JOSEPH W. GEX, II
STAFF WRITER

Former Saint Stanislaus All-American tight end Chase Rogers has had a long row to hoe in college football. However, on Saturday, August 21, the junior tight end ended fall camp as the top tight end for the Ole Miss Rebels and will likely start against Louisville in the Chick-Fil-A Kickoff Classic in Atlanta on September 6.

Rogers originally signed with the Ragin Cajuns of Louisiana-Lafayette in 2017. He made his mark quickly earning third team All-Conference honors his true freshman year. But, an injury took him off the field and he later transferred to Ole Miss where he had to sit out a year per NCAA rules.

Rogers, best known for his bruising blocking style, got snaps last year during COVID shortened season on both the offensive side of the ball and special teams.

Now, fully healthy, Rogers looks to return to the same form and production he displayed which made him a highly touted recruit out of SSC.

Rogers commented, “I am blessed to be fully healthy at this point which has allowed me to fully compete in camp and show the coaching staff what I am capable

of doing. I have always enjoyed blocking but I am now catching the ball more in the offense. My biggest improvement has come in my speed in the first 10 yards and my route running is more precise. We are also showing more depth in the offense this season which is a plus for us having to compete in the Southeastern Conference.”

Rogers is battling DJ Thomas and Hudson Wolfe for reps each day.

Rogers added, “We are keenly focused on improving our defensive performance with regard

to how we played last year.

“We have added several new faces on the defensive line and at linebacker to add to the returning veterans on that side of the ball. We know we need to put pressure on the quarterback and we made strides in doing that this year.”

In some publications, Ole Miss quarterback Matt Corral is being mentioned as the best quarterback in the league. Rogers talked about catching his passes, “Matt Corral throws a bullet. He is extremely

accurate with his throwing and puts the ball where we can catch it. We are out to prove that we are the #1 offense in the country.”

Ole Miss head coach Lane Kiffin returned the Rebels to a bowl game in his first season in Oxford. He returns his signal caller and many weapons in the attack. Rogers recalled, “Playing for Coach Kiffin is an honor. He has coached some of the greatest players in the game. He has coached at the highest level and treats everyone with a tremendous amount of

respect. He has a way of explaining things we are planning to do in a way that wills us to success. You are going to see a show this year on the turf.

“We are a team that will fight to the end and never give up.”

Rogers set Mississippi state records for career touchdown receptions (44) and career receiving yards (3,634) en route to being a three-time All-American at tight end as a Rock-A-Chaw. In his first game of 2021, Rogers will square off against Louisville which

will have a familiar face on the opposite sideline. Rogers’ high school football coach his freshman season at SSC, Gabe Fertitta, will be on the opposite sideline. Rogers stated, “It will be different seeing him on the other side but it will be good to speak to him.”

For Rogers, a 6’2” 248-lb tight end, the wait has been far too long.

I have always liked watching a player with a chip on his shoulder. So, I expect my eyes will be finely tuned in on #83 for the Rebels in 2021.

Bay High pushing to take season to ‘another level’

MAURICE SINGLETON
CONTRIBUTING WRITER

As the Bay High football team prepares for the 2021 season, the Tigers are focusing on two basic goals: one is to maximize leadership from their core of seniors, and two is to take the program to “another level,” by improving on their record of four wins and four losses a year ago, which included a first-round loss in the playoffs.

The Tigers are returning nine seniors from last season, and second-year head coach Jeremy Turcotte is investing a great deal of confidence in their ability to lead and set a tone for winning.

“I’ve made a commitment that this season I’m going to enjoy it a lot more,” said Turcotte. “I enjoyed it tremendously last year, but having to overcome everything last year, it was exhausting. The kids rose to the challenge; the coaching staff rose to the challenge, but we’re going to have more fun.

“These kids are hungry; they want to be great. Our seniors are outstanding. They lead by example. It’s not just one of them; it’s all of them. They have high expectations.”

The most high profile of those nine seniors is running back Noah Cutter, who rushed for more than 1800 yards over the past two seasons. At 6’2” and 210 pounds, he is a power rusher who punishes would-be-tacklers. He is being scouted by more than a dozen colleges.

“Obviously, the whole world knows about Noah Cutter,” said Turcotte. “He’s going to be the bell cow of our offense. Nobody wants to tackle him. Noah has overcome a lot in his life. He’s become way more consis-

tent. And he’s become more of a leader by example. When in doubt, we’re going to put the ball in his hands.”

Rounding out the senior leadership returning for their fourth season are Fisher DeCamp, Johan Smith, Urbano Mendez and Lavanta Meadows, who are all expected to start.

“We don’t have a single senior who won’t play,” said Turcotte. “Then I’ve got two guys that I really expect to stand out: Terron Bedford and Carson Moran. I expect Terron to be one of the most dominant players on offense and on the D-line in our conference. And Carson Moran was first team safety a year ago. We’ve moved him to linebacker and I expect him to make a million tackles this year.

“We also have Devon Gaspard who will be in his second year with us, and then we have Kyrion Scott. All of those guys are going to play,” added Turcotte. “They all are going to contribute. They all have great attitudes, and they’re all extremely coachable. This is a very coachable team. They’ve also bought in to what we’re trying to do.”

The Tigers will be inexperienced at the quarterback position. Three-year starter Josh Peters has graduated and will be playing football at Castleton University in Vermont. He will

be missed, for both his ability to throw the ball down field and to carry the ball.

Stepping up to replace Peters are senior DeCamp and freshman Xander Ladner. DeCamp started at linebacker last season and saw a lot of action at fullback.

“They’re big shoes to fill,” said Turcotte of the loss of Peters. “Josh played great. I would love to have him back another year because Josh kind of got batted back and forth; he had three head coaches in four years.

“We have two guys who are battling it out, and they both bring something different to the table,” Turcotte explained. “We’re working DeCamp at both fullback and quarterback. He started every game for us at linebacker last year, and he played a lot at fullback. Xander Ladner is a freshman, and quite frankly, I don’t feel any worry whatsoever to put that freshman into a varsity football game. He’s one of the most savvy kids I’ve ever coached in twenty-one years. He plays football, basketball and baseball. He’s a quarterback, a pitcher and a point guard. He’s used to having the ball in his hands.

“Fisher is going to do great running the football because he’s had the ball in his hands before. Xander is a little more of a natural passer, but Fisher

can throw the ball perfectly fine. We’re going to be a two-headed monster, and we’re going to move people around and try to get the ball in play-makers’ hands.”

The primary play-makers are junior Carmello Simpson, Terron Bedford, Layland Adams and Ben Wilemon. Jaylen Antoine will bring playmaking ability in the backfield with Cutter.

“We’ve got a lot of weapons,” said Turcotte. “We’re returning three of the five starters on the offensive line. We’ve got a junior and sophomore stepping in there. What we’re trying to do early in the season is play a bunch of guys. We want to be as 2-platoon as possible. It won’t happen all the time. And let’s be realistic: Covid. At any moment, somebody can go home.”

As far as offensive style or scheme, Turcotte said that the offense will be multiple.

“We’re conventional, we’re spread, we like to take advantage of what the defense gives us,” Turcotte explained. “We mix in some option. We honestly don’t run a lot of different plays. We run them out of a lot of different looks, with a lot of different ball carriers, things like that - a lot of misdirection. I didn’t invent this; I just stole it

Hancock Hawks excited about the 2021 season

BY DWAYNE BREMER
CONTRIBUTING WRITER

“Football will be back in Kiln Friday night when the Hancock Hawks take on the Long Beach Bearcats.

The Hawks are coming off a roller-coaster 2020 season which saw Hancock post a 3-3 record of six games played. Three games were canceled and two forfeited, but the Hawks were able to win two of their last season, including a huge upset of top-ranked Harrison Central.

Head Coach Neil Lollar said finishing strong last year will help the team this season.

“I think it shows what we are always trying to teach the kids,” Lollar said. “Nothing is going to be given to us, but if we work hard and compete, then good things will happen.”

Lollar said this year’s Hawks team will be led by their experienced offensive and defensive lines.

Collectively, the two lines return six players that started in 2020 and several others that saw significant playing time.

“Just about everyone has experience,” Lollar said. “Some guys have new roles. They just all need to play together now.”

Dakare Smith, Ryder Island, Nathaniel Greenroad and tight-end Joey Alligood are all expected to play both offense and defense this year.

On the offensive line, Ryan Ladner, Landon

Linebackers will include Braxton Dardad, Jeffrey Hopgood, Casey Wheat, Xavier Ganier, and Zasper Talley.

The Hawks secondary will include Finn Cowan, Dillon Peters, Colby Kern, Miller, and Fowler.

Cowan will also serve as the Hawks primary place kicker.

The Hawks open the season Friday against Long Beach. They will then travel to Vancleave, before returning home to host Greene County and Lanier.

Hancock’s Region 4-6A schedule will include games against Ocean Springs, Biloxi, Gulfport, D’Iberville, Harrison Central, St. Martin, and Pascagoula.

Dewitt, Tyler Bennett, and Bryce Ladner are expected to start. On defense.

“We are going to rotate a lot of guys on both lines,” Lollar said. “Plenty of guys will get

a chance to play.”

Senior Brandon King will take over the quarterback duties this year, along with sophomore Dillon Moran, Lollar said. King will also han-

dle the punting duties.

In the backfield, the Hawks return two of their top three rushers from last year in senior Pierre Fowler and Junior Cameron Miller.

from a very good coach I worked under at Long Beach, Tommy Browder. It’s very multiple, and I can shape it by whoever is in the game.”

Defensively, Turcotte has a great deal of con-

fidence in defensive coordinator Greg Necaie. “He’s got the whole unit running to the football. The strength of our defense honestly is going to be the D-line play of the older guys. The linebackers and DBs (defensive backs) are mostly young, but very talented. We have two starters returning at DB; we’ve got

two returning starters at linebacker. And we’ve got two returning starters on the defensive line.”

The defensive leaders are Johan Smith and Carson Moran. Nose guard Larry Lee is expected to make a huge contribution in the tackling category.

“They fit, and they fly like a gang,” said Turcotte. “We preach to

them that we’re not interested so much in making a tackle; we want to make a play. Maybe this guy squeezes a blocker so that another guy makes a tackle. And they’ve bought in. In every part of our program, they’ve bought in.”

The Tigers open their season at home against West Harrison on Au-

gust 27. They travel to Sumrall on September 3, and return home to host Long Beach on September 10. On September 17 they travel to Purvis. They play St. Stanislaus for homecoming on September 24 and open district play the following Friday hosting new District 8-4A member Greene County. On Oc-

tober 8, the Tigers play a non-district game against Livingston Collegiate in New Orleans. The final three games are district games: at Pass Christian (October 15), at Moss Point (October 22), and close out the regular season at home against Stone County (October 29).

THE 2021 SAINT STANISLAUS COLLEGE ROCK-A-CHAWS VARSITY FOOTBALL TEAM

Rock-a-Chaws are in uncharted territory in Class 3A for 2021

BY JOSEPH W. GEX, II
STAFF WRITER

Back in December 2020 when the Mississippi High School Activities Association released their new classifications for the next two academic calendar cycles, the Saint Stanislaus Rock-A-Chaws found themselves staring into an expanse of uncharted territory.

That territory is made up of Class 3A and all of its athleticism which many experts say is the most athletic classification in the state.

The Rocks went 6-3 in 2020 with a trip to the Class 4A state playoffs for the eighth straight year despite all the distractions from COVID-19. It was a classification that SSC has been a part of since the MHSAA went to enrollment based classifications in 1982.

The Rocks graduated a talented senior class that left many voids to fill. SSC has five starters returning on offense and just three back on defense.

SSC head coach Nate Encrapera commented, “This will definitely be a challenging year for us in many different aspects. First and foremost, we have several

positions to shore up on both sides of the ball. We may not have starters returning in spots but we have players who have experience in those spots. We are excited to see what we will be able to do with new faces in those places.”

At quarterback, Alex Fabra will be taking the snaps after spending the majority of the 2020 season at linebacker. Encrapera sees Fabra as a leader of this team who takes every snap serious. He is an athletic quarterback who can tuck it and run and drop back and throw it.

Joining Fabra in the quarterback room are Josh Hartl and Evan Noel.

The Rocks return two offensive linemen from last year in Joe and Jacob Bradford and will

fill in the missing pieces with Layne Hearty, Eli Harris, Fulton Ascherl, William Buice, Hunter Holland, and Spencer Cornell among others

At running back, Kyle Stegall returns from a year ago and will be joined in the backfield by Davien Lagarde and Ryan Tyler.

On the outside, Ja’Kobe Cameron and Canye Bankston have shown the ability to go up and get the football while Brandon Rhodes, Chesley Rhodes, Heith Shinn, and Brady Logan among others will also be between the hashes.

On the defensive side of the ball, the Rocks took a bigger hit returning just three starters.

Both Bradfords along with Spencer Cornell, Charles Brown and several of the offensive linemen will man the defensive front.

work hard to compete.”

New division. New faces. New outcome for SSC? Stay tuned and venture out to the Brother Philip Memorial Athletic Complex to see for yourselves.

The Rocks open the 2021 season, their 106th overall, at home against the d’Iberville Warriors on August 27. See you at the game!

At the second level, Brandon Rhodes, Ryan Tyler, Jackson Montjoy, Ben Cappel, Fabra, Clayton Bryan and others will see time on the field.

On the back end of the defense, Lagarde, Cameron, and Bankston lead the charge but will be joined by Brady Logan, Shinn, Jaden Tran and others.

Noel will handle kicking duties for the Rocks this year.

Encrapera is joined on the staff by John Haberman, Evan Gay, Jake Robinson, Mark Logan, Jordan Skinner, and Connor Sutherlin.

Encrapera added, “We are in a new division and new class this year. Every team is a really good football team. St. Patrick is well coached and headed in the right direction. West Marion is a team we saw last year and has several players back from a 9-3 team. Seminary is an athletic team that can cause damage if teams are not careful. Perry Central is another unknown moving up from Class 2A. Jeff Davis’ reputation precedes them and they are a contender every year. This is a competitive division and we will have to

THE 2021 PASS CHRISTIAN HIGH SCHOOL FOOTBALL TEAM

Pirates look to make move in Carmody’s second year

JOSEPH W. GEX, II
STAFF WRITER

The Pass Christian Pirates are eager to make a move in head coach Chase Carmody’s second year at the helm of the program. In 2020, the Pirates were 2-6 overall in the COVID-19 shortened year. They have several of their athletes back to help lead them in the right direction in 2021. Carmody commented, “We have had a great summer lifting three days a week and conducting conditioning drills. We also took part in 7-on-7 competition. We have several starters back to help bring along the younger players who are stepping up to fill voids.”

Players like LB Xavian Chamberlain, QB

Kam White, ATH Terry Patton, OL Drake Pond, and OL Farley Blanton return to help the Pirates usher in 2021. Carmody also spoke highly about WR/LB Thomas Gorman who will probably see time on both sides of the ball. WR Lashowan Laneaux is one of the younger players that Carmody is excited about making strides which will allow Gorman to spend a little more time on the defensive side of the ball. Twins Jayden and Jaylin Acker return to take up valuable space on the defense. Davon Klein returns as kicker/punter for the Pirates and won the Battle of the Beach kicking contest this summer. Carmody added, “Our first week of practice

has gone very well in fall camp. It was nice to have a full spring and summer to prepare for the season which is something we did not have last year. We are excited to see what we can do this year. The players have really bought in and we are ready to go.” Carmody will be assisted on the staff by OL coach Kellon Tadlock, LB coach Donovan Bakum, OC Caleb Kelly, DC Keith Annulis, DL coach Stefan King, along with Rod Wright and Garrett Stansbury. The Pirates were supposed to kickoff the season in the Oyster Bowl against Long Beach on Friday, August 27, but will have to miss that game due to COVID-19 protocols.
